

Aug. 19, 2013

Hello,

The Klein ISD Transportation department would like to thank you for volunteering to help our elementary students get home safely. The safety of our children is the most important part of our job. Below is what we need from our Klein volunteers.

Dates: August 26-30, 2013

Time: Arrive at your elementary school by 3 p.m.

The bus drivers will pick you up at the elementary school when they pick up their students and return you back to the school. They will have a take home route sheet with the student's names and stops listed in order. Your job will be to assist the driver in getting the students off safely at their correct stops. The driver will be in charge of all discipline on the bus. Teachers are still encouraged to ride as well.

If you choose to participate in the bus buddy program here are a few guidelines.

- You may bring your child or children on the bus. Please no one under the age of four years old may ride due to the fact that no car seats are available for regular buses.
- There may be limited space.
- Make sure your child sits with you.

If you have any questions you can reach me at 832.249.4598 or rcardenas1@kleinisd.net. Thank you again for helping our students get home safely and off to a great school year.
