School History

The Kohrville community is rich in history recorded from the 1870s. According to Dr. Diana Lynn Severance, former chief historian, Klein, Texas Historical Foundation, farming, ranching, and lumber industries were prominent in this area.

School Rating

Kohrville Elementary is rated as a Met Standard campus in Klein ISD and received a Top 25 percent Student Progress Distinction Designation.

Counseling Program

Our campus counselor works with students on either an individual basis, small groups, or with whole classes. The counselor educates children on social skills and how to solve problems as well as addressing self esteem needs, and bullying issues should they occur. The counselor has led our students to becoming a No Place for Hate campus, fulfilling all of the required criteria. Many have benefited from the generosity of our students and staff as the counselor organized food drives and toy/gift drives during the holiday season. The student organization called the Coyote Council works closely with the counselor as they represent the student population and serve our campus. In addition to areas of service, the counselor may organize such events as career day, college week, and fifth grade transition day to help our fifth graders transition to the sixth grade.

Parent Involvement

Kohrville has a very active Parent Faculty Organization (PFO) that encourages volunteering in our school including “Watch D.O.G.” dads and “Mentoring Moms.” Each year the PFO sponsors events such as talent shows, Kolor Runs, and other fundraising activities. The PFO has been generous with providing opportunities for students to view theatrical performances on campus and enjoy such experiences as the Sky Dome, all of which may be directly related to instructional objectives in the classroom. Volunteers are much appreciated by teachers as they may be “readers” for their class or support the teacher doing small requested tasks.
Kohrville Elementary offers a variety of supplemental activities throughout the year that supports instruction and daily curriculum. Faculty and staff continuously work to improve and enhance the learning environment for all students. Kohrville follows the KISD curriculum, click the titles for more details.

**English Language Arts**
The elementary ELA program emphasis is on the development of fundamental reading and writing skills. Reading instruction includes training in phonics, structural analysis, sight word recognition, context clues, vocabulary development, comprehension, study skills, and literary appreciation. Writing instruction teaches students how to use written language appropriately. Instruction includes specific training in grammar, spelling, handwriting, word usage, punctuation, and capitalization, as well as more generalized training in composing written expressions. Skills in speaking and listening are also taught with the instruction for reading and writing.

**Math**
The elementary level students build a foundation of basic understandings for the following: number operation and quantitative reasoning, patterns, relationships, and algebraic thinking; geometry and spatial reasoning; measurement; and probability and statistics.

**Science**
The elementary level students learn science basic skills and how to identify components of the natural world. Students study life, earth, and physical science concepts.

**Social Studies**
In grades K-12, students build a foundation in history, geography, economics, government, citizenship, culture, science, technology and society, and social studies skills. The content, as appropriate for the grade level or course, enables students to understand the importance of patriotism, function in a free enterprise society, and appreciate the basic democratic values of our state and nation.

**Special Programs**
Upper grade students have an opportunity to participate in the Coding Club, Kohrville choir, the Percussion instrument group, or the district’s Strings program.

Upper grade students have an opportunity to participate in the Kohrville choir, the Percussion Army instrument program, or the district’s Strings program. These students meet twice a week before school and typically perform in the fall and spring. All students are invited to participate in the Jogging Club.
